Phil – Let's discuss, sometime today if possible. For the 404 overview Mary said that unless Trey expects this to be a legally-focused briefing that she would like the program to take the lead, but clearly with significant input from you. The Powerpoint that Eric prepared last May (attached) comes from more of a programmatic than legal focus which I would prefer as a starting point. As it has 34 slides it needs some scaling back. I don't have anything on my calendar for the rest of the day so let me know if you can come up here or I'll come to your office to discuss. Tom

Attached is the update draft. I did not change the enforcement section, as It is not clear to me we need it for this presentation.
